

PLATE UP TOGETHER DAY

Colombo Social | Kabul Social | Kyiv Social

LETS PLATE UP TOGETHER

We believe in creating equal opportunity across the table and invite you to have a seat at our family table of change.

Plate It Forward have developed a unique, invitation-only experience to highlight the meaningful and enjoyable side of impact, combining our love for great hospitality and making long-lasting change through food and beverage.

Come behind the scenes of the restaurant world where our Chefs will share their recipes, their stories, and their food with you.

At our exclusive Plate Up Together Day, you'll learn to cook three signature dishes served in our award-winning restaurants. You'll hear about the impact Plate it Forward has had, understand the power of our meals and the value of our community, and as you learn, cook, and eat together, you'll be raising funds to provide life changing meals that we'll donate to those going hungry in the community.

A customisable day is on offer but a standard experience will include:

- An introduction to Plate it Forward, our history, impact & people by Founder & CEO Shaun Christie-David
- Cooking and kitchen action learning how to make three different dishes
- Sharing food, stories and experiences

**AND WE WANT YOU
TO WALK OUT FEELING
EMPOWERED AND**
